To whom it may concern:

Renovation Work at Waterfront Park Landing Deck

In preparation for the renovation work of the Waterfront Park, our contractor, Gammon Construction Limited, will undertake the landing deck works from Mid-Aug 2025 onwards until the Fourth Quarter of 2025. The Landing Deck area will be temporarily fenced off.

For the safety of park users, temporary footpaths, additional signages and indicators will be arranged near the fenced-off area to stay away from the works location.

For mitigating possible nuisance to the public nearby during the works period, abatement measures will be implemented where appropriate, including the use of quieter machinery and entire coverage of dusty materials with non-permeable dust screens, to achieve noise reduction and dust control. Should you have any suggestions or enquiries, please contact Gammon's Public Relations Officer, Ms. Mani Wong, at 9136 2767 or their Engineer, Ms. Carmen Lam, at 9512 7352 directly.

We apologize for the inconvenience that the works aforesaid may cause.
